

# update

We are consolidating official Company information on COVID-19 to ensure our workforce has the latest and most accurate information.

## our people

- **Aramco Insights Video** – Watch the [latest Insights video](#) to learn about proper face masks usage and the latest updates on the efforts across our operations to fight the spread of COVID-19.
- **GLOW Educational Platform** – Training & Development offers over 60 online learning resources through GLOW (Golden Learning Opportunities from Within) for employees and their dependents. Take advantage of resources that span topics such as General Skills, English Language, Health and Safety, and classroom-based academic preparation courses. Please click [here](#) to register yourself and your dependents. Please note: registration is only possible via a machine on the Saudi Aramco network.

## our operations

- **Virtual Workplace** – With physical distancing a key tool in the fight against COVID-19, read about recommended tips for working remotely [here](#).
- **National Curfew Reminder** – All employees and their family members are expected to comply with the national curfew currently in effect for their area. Please note that, if you are an employee with an exemption waiver, it only allows you to travel between home and work during curfew hours and not for any other reason.

## our communities

- **Donation Campaign** – We're all facing new challenges. But for those already in need, today's reality only makes things tougher. The Stay Home, Stay Safe care box campaign provides essential food, hygiene, and edutainment items to orphans and widows in the Kingdom. Employee donations will be matched 100% by the Company. Click [here](#) to help make a difference.  
  
**Ithra Connect** – While Ithra's doors may be closed, you can still enjoy the best in culture, history, education, design, innovation, architecture, technology, and more, through its new virtual experience. Visit [Ithra Connect](#) for details.
- **Mawid App** – The Kingdom's Ministry of Health has updated its health app to help guide citizens and residents on whether to self-isolate or visit a hospital after registering their recent travel history and any potential coronavirus symptoms. Visit the [MOH website](#) for details.
- **LuLu Grocery Delivery** – Get your groceries delivered to your door by placing an online order with LuLu Hypermarket. Visit [www.luluhypermarket.com](http://www.luluhypermarket.com) or download their app for details. You can also pick up prepacked grocery baskets or have a post-curfew basket delivered during curfew hours. Please call your area commissary for details.

As we continue to focus on the safety of our people, operations, and communities, visit [saudiaramco.com/covid](http://saudiaramco.com/covid) or call **87-COVID** (013 872 6843) to stay informed of the latest updates.
